

What an exciting week in Y1! We have thought all about the bog baby and how he is feeling after we found out that the girls had taken him home in a bucket and hid him in the shed. We have looked at emotions and adjectives – using these in our writing.

Below are some of the key words we will be looking at this week in class. Each week we will look at a few more – trying to read them fluently and use them in our writing. A copy of the 100 high frequency words can be found on the Y1 section of our school website.

Spellings

1. Of
2. It
3. Was
4. You

The children could have a go at writing these words in a sentence or finding them in a story.

Maths

In maths, we have been using the addition symbol – we have added numbers, blocks and objects together. We have used number lines to jump forward to find the answer. We have used numicon and Cuisenaire rods to help us too! We talked about when we do addition the number will get bigger. The children could have a go at some addition sentences at home or online. We used dice to find two numbers to add together.

Reading

Just a note to remind parents that book bags should be brought to school on your child's reading day and will be returned the following day. The new reading diaries are super fun and include all the phonic sounds and high frequency words. Please use the reading diary to provide feedback on your child's learning too!

Phonics

The children are enjoying their guided phonics session – they will tend to work on the same sound each week. On the school website you will find the 3 speed sets – you could use these to recap the sounds your child has already learnt.

Websites

In the Y1 section of the school website there are a variety of websites that are accessible to you from home. These websites range from phonics and reading to maths. They are an optional fun way to support your child's learning at school.

Have a lovely weekend,

Meghan Grove, Joanne McGahon and Sophia Papworth.
