

This week we have finally made it to the end of the story. The children were really excited to find out what happened. We were relieved that the girls took our advice and returned the Bog Baby to his pond. We even went searching for the Bog Baby in our spinney – we found him hiding in the pond. He was very shy but some children are certain they saw him flapping his wings and itching his nose.

Below are some of the key words we will be looking at this week in class. Each week we will look at a few more – trying to read them fluently and use them in our writing. A copy of the 100 high frequency words can be found on the Y1 section of our school website.

Spellings

1. For
2. At
3. His
4. But

The children could have a go at writing these words in a sentence or finding them in a story.

Maths

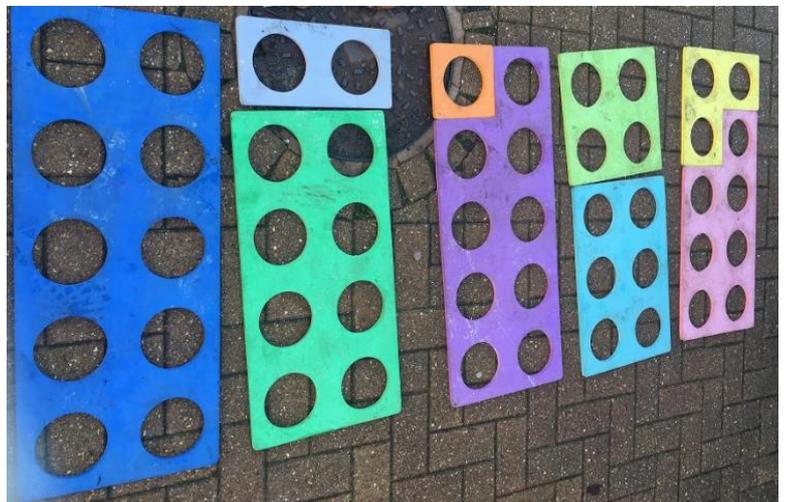

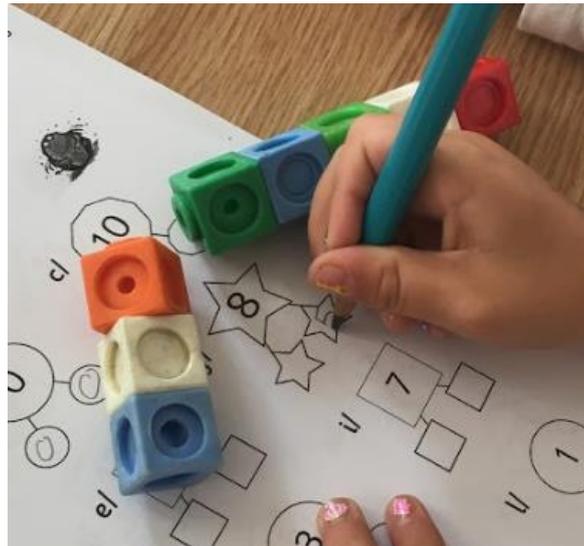

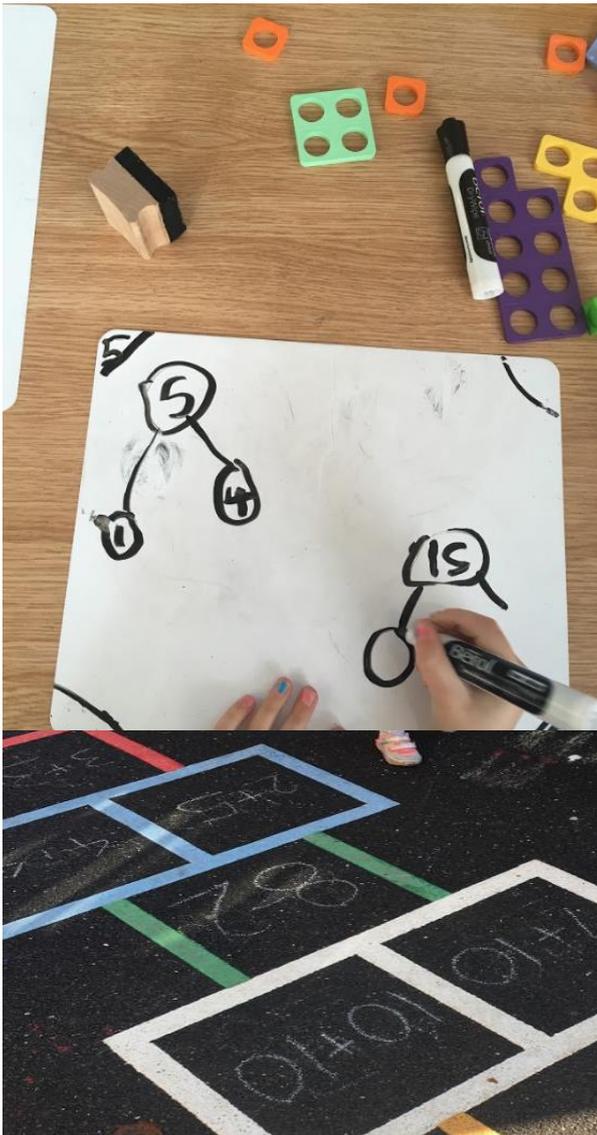

In maths, we have been using the subtraction and addition symbol. We have used them together and talked about their differences. The children enjoyed identifying the symbol and deciding whether to jump forwards or backwards on their number line. We also completed some number web problems. We've included a few examples for you on the next page – the children could have a go at some at home!

Reading

Just a note to remind parents that book bags should be brought to school on your child's reading day and will be returned the following day. The new reading diaries are super fun and include all the phonic sounds and high frequency words. Please use the reading diary to provide feedback on your child's learning too!

Phonics

The children are enjoying their guided phonics session – they will tend to work on the same sound each week. On the school website you will find the 3 speed sets – you could use these to recap the sounds your child has already learnt.

Write all of the different pairs of numbers that add up to make the number in the larger shape.

weekend,

Meghan Grove, Joanne McGahon and Sophia Papworth.

Have a lovely
