

Wow, another busy week in Year Two! Highlight was Science Day where pupils could present their projects to the class as well as class reps displaying them in the Science Fair. A big thank you to all the children for their projects and to all the mums and dads that helped. The rest of the week has involved carrying out some more money work in our Maths as well as looking at adjectives and similes in our English. Added to that we have been rehearsing our Christmas show! Yes it's that time already!

Spellings Rule:

We are again revising the common exception words for Year Two. A full list of this can be found on our Year groups' webpage.

Words we are looking at next week are:

past	poor
pass	pretty
parents	prove
people	pull
plant	push

Maths

Wow, what a start to Mathletics! Log on each Thursday with your log in cards to try out the tasks your teacher has set. This week it's change and adding three one digit numbers. Those avatars are looking cool!

Invitation to our Learning Look reminder

Parents and carers are invited to come into the classrooms on Friday 9th November from 9:00am till 9:25am. During this time you will have the opportunity to look at their Maths and English books and the children will share their work with you. You are welcome to leave a comment with our special pens just for parents!

Christmas Show

We are busily getting ready for our show on the 23rd of November. Attached is the costume list. We already have many of the items, if you have any questions, please see your class teacher.

Amber Bowery, Sarah Chambers and Cameron Taylor
