

English

In English we have been working using speech marks correctly and using ambitious language in storytelling.

Spellings

The children have been learning to spell the essential high frequency spellings and have been given time to use the LOOK, SAY, COVER, WRITE and check strategy to help develop their spellings.

Reading

Diaries are due in on a Thursday morning. Please encourage your child to write a comment themselves every time they read e.g. *I was so sad that the character was forced to wash the dishes. After all a child's job is to relax and watch television, while their adults cleans up after them.*

Library

All children visit the library on **Thursday**. They must remember to bring in their library books and reading records this day. Amanda our librarian has requested that all books are returned before the end of next week.

PE

PE kits need to be in school every day.

Maths

This week the children have been studying angles. The children have investigated acute and obtuse angles as well as taking part in activities to identify a quarter, half, a full turn and change of direction (clockwise and anticlockwise).

Times Tables

Below are some Times tables games the children may like to play.

Also please find attached a times tables grid to print off as and when.
