

This week we have been working really hard on all aspects of their learning. The children have had a chance to show off their fantastic reading and phonics skills. They have also started making some of our Christmas crafts which will be making their way to you shortly. We had a fantastic time at the Natural History Museum and the children really enjoyed finding out about the different animals in the dark.

Spellings

This week we have tried hard to spell our numbers as words – we have included a word search for the children to practise writing numbers to 20 as words.

Maths

In maths, we have been looking at missing number problems again – the children used the number lines to help them complete the problems and find the answer. They had to use their thinking caps to decide whether the problems were an addition or subtraction operation.

Reading

Just a note to remind parents that book bags should be brought to school on your child's reading day and will be returned the following day. Reading this week and next have and will only be a book change rather than a guided reading group – this is to prepare the children for a change in the teaching of reading after Christmas – group call to follow with more details.

Phonics

The children are enjoying their guided phonics session – they will tend to work on the same sound each week. On the school website you will find the 3 speed sets – you could use these to recap the sounds your child has already learnt. Your child could also look for their weekly sound in different places at home e.g. **ar** – **car**.

Things to remember

Thursday 20th December

Year 1 Christmas party

Friday 21st December

All children to be collected by 1:30pm

This will be our final home learning letter of the term – thank you for a wonderful first term, the children have done an excellent job and we look forward to another jam packed term of learning in 2019.

Happy holidays!

Meghan Grove, Joanne McGahon and Sophia Papworth.
