

Year 2

Home Learning

10.1.19

Welcome back! We hope you all had a lovely break and have returned to school with batteries recharged. We have been thrilled with how fast the children have got into their learning and applied themselves to all their activities. Our topic for this half term is **Destination: Outer Space!** looking at the history of space travel, as well as forces and motion and facts about the Universe.

Spellings

This week we are looking at the past tense - adding the suffix **ed to words ending in e.**

Double the consonant before ed when a,e,i,o,u are not protected with 2 consonants.

Examples of words are:

wait ed	launch ed
land ed	stepp ed
splashed	spott ed
stay ed	clapp ed
jump ed	plann ed

Maths

In maths this week, we have looked at fractions, using pictures as well as fractions of numbers. We were really pleased to see how well the children did with this and we produced some outstanding book work too! More practice can be found on our Mathematics page.

Trip

**SCIENCE
MUSEUM**

On Monday 21st of December we are visiting the Science Museum as part of our topic, Destination: Outer Space!

During this trip the children will participate in the 4D

legends of Apollo experience as well as take part in a workshop on space travel.

The cost of the tickets are £7 and can be paid via our parent payment on the website.

Please be aware that if we do not manage to cover the costs of this trip we may have to cancel.

We will be taking the tube to the Science Museum from Bounds Green Station.

Parents who wish to accompany us on the trip should contact their class teacher.

Do not hesitate to contact your class teacher if you need to talk about the

arrangements of this trip or if you foresee having problems meeting the suggested contribution. Children are also asked to bring a packed lunch on this day as we will be having lunch at the museum.

Recorder

Year Two are starting recorder! These sessions are on Friday afternoon. We have school recorders though children are welcome to provide their own.

May the Force be with you,

Sarah Chambers

Amber Bowrey
