

Well done Year One for another busy week full of learning. We all had a great time on our trip to the Science Museum yesterday. We would like to say a huge THANK YOU to all the parents and carers who came along to help out. We couldn't have done it without you!

### English

This week we have been looking at “The Tiger That Came to Tea” which the children have really enjoyed. We have written diary entries pretending to be Sophie, and have made invitations to ask the Tiger to come back again.

### Spellings

1. not
2. then
3. were
4. go

### Maths

In maths, we have started learning about halving and dividing by two. We practised dividing an amount of objects into two groups using big circles to help us.

### Reading

The children had lots of fun during their “Big Read” sessions. This week we continued the book “The Problem with Penguins.”

**Just a note to remind parents that book bags should be brought to school on your child's reading day/ book change day** and will be returned the following day. You may notice some repetition with the phonics books – this is a chance for the children to consolidate certain sounds at home. Please record your child's home reading in their reading diary each week.

### Phonics

The children are enjoying their guided phonics session – they will tend to work on the same sound each week. On the school website you will find the 3 speed sets – you could use these to recap the sounds your child has already learnt. Your child could also look for their weekly sound in different places at home e.g. **ar** – **car**.

### Maths

Half of 8 is

Divide the number of objects between two circles (one at a time). Then count how many objects are in one circle to find the answer.

**Things to remember.**

Monday 4<sup>th</sup> February

Book at Bedtime

We hope you enjoy the snow this weekend and stay safe.  
Have a lovely weekend,

**Meghan Grove, Joanne McGahon and Sophia Papworth.**
