

L.I – To talk about what is important to you.

Where is your special place?

Is it inside? Or outside?

What makes it special?

For this project we would like you to show us your special place. It can be anywhere you like. You can even design a new special place and build it. It can be big or small, inside or outside.

Make sure you tell us why its special and what you like to do there.

You can make a video to show us, take some photos, show us a design or write about it.

We can't wait to see your special places!

Love from,

Dexter, Serena, Meghan and Jette
