Introduction	Snack Break	Supervised Free Play	Recap Of The Day
Introduction to the Rhodes Avenue Sports Camp, where we set our expectations of the camp and introduce the children to the staff. We will go through the structure of the day and what sports we will be delivering.	Please ensure you send your child with a snack for them to eat during this time.	During supervised free play, all children will have a selection of sports and fun activities that they can take part in.	This is where we will go through how are day when. What did we enjoy and how we can make the following day even better. During recap of the day, we will choose a "Sportsperson of The Day" which will be someone that has shown courage, kindness to one another and participated in all sports and tried their best.
